

We Welcome the Opportunity to Serve You!

October 31, 2006

Dear CSC Contact or Current Parish Administrator:

We are very pleased that The Catholic Software Company has selected ParishSOFT (www.parishsoft.com) as the company that can best meet the current and future needs of their customers. We understand that switching software may not have been in your plans for this year, but we think that you will be impressed with ParishSOFT. We have already worked with dozens of former Catholic Software Company Customers, and with more than 2,500 Catholic Churches in nearly every U.S. Arch/diocese. We've made comprehensive, practical plans to make your transition as smooth as possible.

❖ **Your Transition to ParishSOFT will be Smooth and Thorough**

We have designed a plan to help you make the move to ParishSOFT with as little disruption to your parish as possible. In the last 4 years, we have helped thousands of parishes switch from their current software to ParishSOFT. We will use this experience to ensure that your move to ParishSOFT is painless and complete. Here are just a few of the reasons why you can rest assured that this will be successful. You will have:

1. A comprehensive, top quality software, with all the capabilities of ParishOffice/ParishLite and more;
2. The lowest price ever offered for ParishSOFT software;
3. The only data conversion designed with the assistance of Catholic Software Company programmers, so it is the most accurate and thorough possible;
4. The opportunity to receive complete training on each module in the comfort of your office;
5. A company totally devoted to serving the needs of the Catholic Church with sufficient size and resources to provide the level of support and services you need.

❖ **You will Streamline Operations and Improve Communications with ParishSOFT**

With ParishSOFT, you will enjoy all of the functionality you have now with Catholic Software and much more. Thousands of ParishSOFT and many former Catholic Software customers have found that ParishSOFT works better because they can:

- Locate and view data quickly with an easy-to-use "rolodex" screen format
- Save time by using one integrated software program for all important parish information
- See that their most needed information is available at a glance — with comprehensive reporting too
- Reduce costs and communicate more effectively using mail merge, email, and the web
- Increase giving and better manage capital campaigns through electronic banking
- Enjoy flexible, reliable, and rapid entry and updating of information
- Merge information easily with Word[®] and Excel[®]
- Track and schedule volunteers and staff automatically and easily, then post information on-line
- Use the most complete Sacramental Registry program ever created with the ability to not only print certificates, but search the nation for parishes and contact information
- Take advantage of robust reporting featuring hundreds of standard reports, and a "Report Wizard" for customized reports to get the information in the way they need it
- Secure and protect sensitive information that is accessible only to authorized persons
- Receive a website, online calendar, facility scheduler, off-site backup, and other web services for FREE!

❖ **You will have the Most Accurate and Thorough Data Conversion**

Because we are working directly with The Catholic Software Company programmers, we will have the most accurate, timely and thorough client data conversion. The conversion process couldn't be easier—because all you do is send us a copy of your database, we convert and check your data, and send both your original database and the converted database to you within 2 weeks. We have converted the databases of thousands of churches!

❖ **You will Receive Free Training in the Comfort of Your Office**

We will provide you with FREE Tele-Training on all of the software you purchase. These classes range from 1 to 2.5 hours each, and are done in the comfort of your parish. You simply sign up for the class you want, and using the ParishSOFT software you have installed, a trainer will lead you through the software and Tele-Training Guide answering your questions. This is done all over the phone without you ever having to leave your office!

❖ **You will Receive Prompt, Knowledgeable Support**

Call us toll-free at 866.930.4774 x2 for a quick response or email us at support@parishsoft.com. At our website www.parishsoft.com, you will find FAQ's, User Guides, Tele-Training Manuals, the latest version of the software to download, and much more. Our dedicated, experienced and knowledgeable support team can help you get up and running quickly and are there when you need them!

❖ **You will Receive Maximum Savings if you Order by December 31st, 2006**

To receive your best price, you need to order ParishSOFT before December 31st, 2006. You will receive a discount of 40% off the software, and 75% off our normal conversion prices. You also receive FREE Tele-Training, 1 year of Free Support, Unlimited number of workstations and FREE Web Services. See the enclosed Transition Guide and Order Form for specific price information for your parish.

❖ **Its all Backed by ParishSOFT, the New Leader in Catholic Management Software**

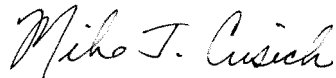

ParishSOFT has been the fastest growing Catholic church management software company over the last 4 years. Our dedication to serving only the Catholic Church has allowed us to provide exactly what our customers need. We have two offices in Ann Arbor, Michigan and Minneapolis, MN with 40 staff to serve you. We are strategic partners with Our Sunday Visitor (OSV), the nation's largest Catholic producer of church offering envelopes as well as one of the leading publishers of Catholic periodicals, books and religious education materials. Our mission is to listen to you, use appropriate technology to help you accomplish your goals, and to earn your trust. All ParishSOFT software is backed by a written, money-back guarantee.

Sincerely,

Mike Cusick
Vice-President of Sales and Operations

"With ParishSOFT, we can quickly and easily view our family information right on the main screen. It took us many more keystrokes with Catholic Software ParishOffice. We can also quickly build a list to mail or email to. I can quickly double check my Offertory entry and correct mistakes on the fly. It took much longer to find entries with Catholic Software. I thank ParishSOFT for making my job easier and for having much more responsive technical support."
