

ConnectNow

# Diocesan Financial Consolidation Manager

**Access all church, school and other diocesan organization financial data instantly from a single, Web-hosted database.**

ConnectNow Diocesan Financial Consolidation Manager (FCM) was designed to give your diocese instant access to the current financial data of your parishes, schools and other organizations. Reporting is easy and immediate, whether the requirement is a simple statement or a comprehensive financial analysis by entity, department and fund.

A true, browser-based web application, FCM provides secure access to the system anytime, anywhere from any computer with an internet connection—and there's no FCM software to update, ever.

## Boost productivity

- All diocesan organization financial data always available from one common database
- Ability to process accounting functions on behalf of any diocesan entity
- Ability for diocese to make journal entries directly in parish's books
- Transaction-level drill down provides instant details
- Online system available 24/7 from any computer with an Internet connection
- Secure Web-based access allows information sharing with your parish or school
- Unlimited users

## Streamline management

- Generates reports, including Statement of Activities, Financial Position, Personnel Costs, Vendor Summary and more
- Tailors powerful reports for any department in any period—current, prior or future
- Displays each organization's financial position for any accounting period
- Simplifies budgeting process with department worksheets and Excel® import/export

- Allows adjustments to prior periods with proper audit controls and passwords
- Identifies opportunities and issues in a timely manner using Dashboard-Display reports and graphs that can include cash balance, collections, bill reminders and expenses compared to budgeting

## Promote transparency and consistency

- Provides reports by account, parish/school or deanery/vicariate with full details
- Meets Financial Accounting Standards (FASB117) requirements
- Uses true fund accounting system
- Supports cash, modified accrual or accrual accounting methods
- Maintains flexible standard chart of accounts that includes controls for parishes and schools
- Tracks activity of system users in a log file
