

Family Directory

Accurate census information is vital to effective ministry

Reliable census and membership information provide a solid foundation for all your ministries and help your parish plan for the future. ParishSOFT's Family Directory software lets you efficiently track the details of every family and individual in your parish—all in a single database. With the time you'll save, you can connect with the faithful more effectively . . . and handle whatever your workday brings.

Keep reliable, permanent records of families and members

- Register new parishioners, update records quickly
- Keep multiple contact lists and emergency information
- Track complete sacrament records, pastoral notes, and special needs
- Manage an unlimited number of family workgroups
- Access sacraments, ministries, giving history, and student records from one convenient place

Communicate effectively with parishioners and staff

- Call, text, email, or create letters to any individual or group (calls, texts require NotifyNow)
- Connect with parish of baptism via our Online Directory
- Merge to Microsoft® Word®, Excel® and Outlook® or create Constant Contact emails from your database
- Save postage with Address Quality certification and Bulk Mailing modules
- Assign family and member envelope numbers, and create exports for your envelope provider

Boost productivity

- Uses a single database, so all staff have the same, up-to-date information
- Secures sensitive information by restricting access for authorized users only
- Provides optional online registration and remote data access
- Produces accurate sacramental certificates, census information, statistics, parish directory, English or Spanish registration forms, and reports
- Integrates with Religious Education, Offering & Pledges, Time & Talent, and the new Web-based products like My Own Church and Online Giving
