

# NotifyNow

Powered by IRIS™

by ParishSOFT®

## Efficient, effective communication has never been more important in the day-to-day life of the Church.

An emergency might bump one group's meeting to another building at the last minute. Or the storm that has continued to grow since morning may call for students to go home early, religious education classes to be cancelled or adoration to close. ParishSOFT's NotifyNow will help you phone, email or text staff, volunteers, parents and youth in seconds—using your existing ParishSOFT products or any other database.

### Improve communication speed & accuracy

- 3,000 messages per minute, delivered from a single source
- In multiple languages
- In-person, voice or email messages

### Save management time; reduce expense

- Hardware and software updates unnecessary
- Repeated contacts ensure successful delivery and validate numbers and email addresses
- Delivery confirmations available

### Respond to emergencies

- Maintain communication with staff and families
- Tell families where they can find help
- Access the system 24/7 using the phone or Web

### Boost participation and stewardship

NotifyNow makes it easy to contact parishioners anytime, anywhere. Here are just some of the tasks your staff can accomplish with unprecedented speed and accuracy:

- Invite parishioners to join teams
- Send meeting reminders and last-minute change notifications
- Create instant prayer chains
- Survey commitment levels
- Update members on fundraising goals and milestones
- Request emergency donations

### Complete Church Solution

*NotifyNow is part of an integrated technology suite that connects churches with staff, parishioners and the communities they serve. ParishSOFT provides a complete suite of products that help churches manage organizations, people, finances and reporting from a single database.*
