

July 18, 2007

We are very pleased that OmniData Corporation, developer of the Parish Computer System (PCS), has chosen to partner with ParishSOFT to provide an additional option for church management software for parishes.

At ParishSOFT, we understand that the company behind the software is just as important as the software itself. In case you are not aware of ParishSOFT, let me tell you a little about us. Since 1998, ParishSOFT has offered a complete software and services solution designed exclusively for the unique needs of Catholic churches. Today we serve 2,700 Catholic parishes and 32 Arch/dioceses in the United States, and our powerful management software and web solutions will streamline operations, increase stewardship, foster collaboration, and improve communications for your parish. ParishSOFT software is modularized and integrated, so all of your modules share data. They include:

- **Family Directory** - Census, Sacramental Registry, Email & Mailings...
- **Offering & Pledges** - Contributions, Pledge Campaigns, Electronic Giving...
- **Time & Talent** - Volunteer Management, Liturgical Scheduling...
- **Religious Education & Tuition** - Students, Catechists, Classes, Payments...
- **Ledger & Payables, Payroll** - Fund Accounting, Integrated Budgeting, Reporting...
- **ParishSOFT Mailroom**: CASS – Certified Mailing Addresses, Bulk Mailing...
- **Web Solutions** - FREE Website, Online Calendar & Facility Scheduler, Email Accounts...

If you wish to review ParishSOFT software, you have several options to do so. You can arrange for an onsite demonstration by OmniData staff. You can also sign up for a guided tour of our software, view a self-paced online tour, request a demonstration copy, or speak with an account representative.

We will send you more information about ParishSOFT shortly. If you'd like immediate assistance, please call OmniData at 805-371-4400, visit www.parishsoft.com or call ParishSOFT toll-free at 866.930.4774 extension 1.

Our mission is to listen and respond to your needs, use appropriate technology to help you accomplish your goals, foster collaboration and to earn your trust. We welcome the opportunity to serve you!

Sincerely,

A handwritten signature in black ink, appearing to read "William Pressprich".
