Added Ability to Search the My Queries List by Query Name and Query Owner

We added two search fields to the **My Queries** page, enabling users to search for queries in their **My Query** list in the following ways:

- By query name
- By query owner

The following illustration shows where the new search fields were added:

To search by query name or query owner:

1. Enter the name (or partial name) of the query or query owner in the appropriate field.
2. Click .

Queries matching your search criteria are displayed in your **My Queries** list.
