Family Suite

Resolved Issues

My Own Church

Fixed: My Own Church Users in Certain Parishes Cannot Generate E-Statements

We resolved the issue that prevented users in parishes using the redesigned Offering application from being able to generate E-statements.

Family Directory

Fixed: Memo Field in Giving History Missing Entries

Previously, contributions entered in the redesigned Offering application were missing entries in the **Memo** field in the family's Giving History record. We fixed this issue.

Fixed: Some Contributions Missing from Giving History

Previously, contributions entered in the redesigned Offering application were missing from the family's Giving History record. We fixed this issue.

IQ

Fixed: Save and Save As Functions Occasionally Very Slow

Users reported sometimes experiencing long wait times when using the **Save** and **Save As** functions to save queries. We fixed this issue.

Fixed: Tags Dropdown List Sometimes Takes Too Long to Load

We resolved the issue that caused the **Tags** dropdown list to take too long to load.
