ParishSOFT Version 4.7.9 Release Notes__last updated July 20, 2021

What's New in Version 4.7.9

Family Suite

IQ

73703 Speculative Reporting Condition Now Defaults to 'Is Between'

Previously when the **SpeculativeReporting.ContributionsPaymentDate** column was applied as a condition, the default value was set to **Is Null**. The default value of the column when added as a condition is now set to **Is Between**. With this change, the default value is now consistent with that of the conditional value of the **Contributions.PaymentDate** column.
