## What's New in Version 4.8.1

### Family Suite

#### Family Directory

##### 'Move Selected Family' Button Renamed to Improve Clarity

In the **Find Family** window, displayed during the Add New Family process, we changed the label on the **Move Selected Family** button to **Add Selected Family**.

A screenshot of the "Find Family" window. At the top, it says "Selected Organization: Corpus Christi Parish, Colorado Springs". Below that is a "Filter by Organization:" dropdown menu set to "All". There are input fields for "Last Name:" (Smith), "First Name:" (Joe), and "City:". A blue "Search" button is to the right of the "City" field. Below the search fields is a table with columns: "Family Name", "Registered Organization", "Family DUID", and "Diocesan". The table contains one row: "Smith, Joe", "Corpus Christi Parish (Colorado Springs, CO)", "253909", and an empty cell. At the bottom of the window are three buttons: "Add New Family" (green), "Add Selected Family" (grey with a dropdown arrow), and "Cancel" (grey). An arrow points from the text above to the "Add Selected Family" button.

The revised label more clearly communicates what happens when you click this button. To clarify, the **Add Selected Family** button adds the specified family's record to the selected organization.

### IQ

##### Event Hours Column Added to Members > Life Events Group

As shown below, we added the **Event Hours** column to the **Members > Life Events** group. Users can now add this column as a query result and as a condition to modify query results.

A screenshot of a "Column Picker" dialog box. It has a title bar "Column Picker" and a search icon. Below the title bar is a section "Life Events" with a search icon and a list of checkboxes. The checkboxes are: "Is Completed", "Event", "Event ID", "Event Category", "Event Category ID", "Event Comments", "Event Start Date", "Event End Date", "Event Hours" (highlighted in yellow), and "Event Place".

# Resolved Issues

---

## Family Suite

### IQ

**Fixed:** Pledge > Initial Payment Columns Return Empty Results Set

We resolved the issue that caused the **Pledge > Initial Payment** columns to return no results.

## Contacting ParishSOFT
