

## ParishSOFT Accounting July 2022 Release Notes

These release notes inform you of new features, enhancements, and changes made in the July 2022 release of ParishSOFT Accounting.

### Browser Compatibility

ParishSOFT Accounting supports the following browsers only:

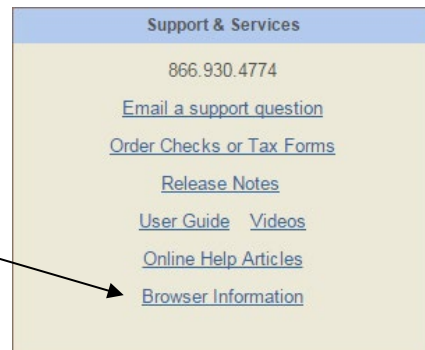

*Note*

*Microsoft officially ended support of Internet Explorer on June 15, 2022. The company is directing users to move to the latest version of Microsoft Edge.*

-  Microsoft Edge 41.16299.15.0 HTML 16.16299
-  Firefox:
  - ❖ For PC, Version 40.0 or higher
  - ❖ For MAC, Version 40.0 or higher
-  Safari, Version 9.0 or higher
-  Chrome, Version 62.0 or higher

### Additional Information

For information about recommended settings, IE's Compatibility View, and tips for using the various browsers, refer to our **Browser Information** page. To view this page, click the [Browser Information](#) link, located in the **Support & Services** section on your dashboard.

## What's New

### Ledger and Payables

---

#### Vendors

##### PPD ID Replaces CCD ID in Batch Header of the Vendor Direct Deposit File

The batch header of the vendor direct deposit file now shows the PPD ID instead of the CCD ID. The PPD ID indicates that the account receiving the direct deposit file is a business bank account.

### Payroll

---

#### Forms

##### IRS Form 941 for 2022 Updated to Second Quarter

Form 941, Employer's Quarterly Federal Tax Return, was updated to accommodate changes made by the IRS for 2022 second-quarter reporting of payroll taxes.

## Resolved Issues

### Church Manager

---

#### Users

##### Permission Template Field Not Displaying When Adding New Church User

We fixed the issue that prevented the permissions template field from displaying when the user added a new user and selected the **Church User** role.
