

Ledger Report Writer

Create custom statements of activity and financial position from your chart of accounts, anytime, anywhere with this browser-based web application.

Custom Ledger Reports for ConnectNow Accounting

Part of the ConnectNow Accounting Suite, Ledger Report Writer is the ultimate custom financial statement-building tool for the ConnectNow Accounting system.

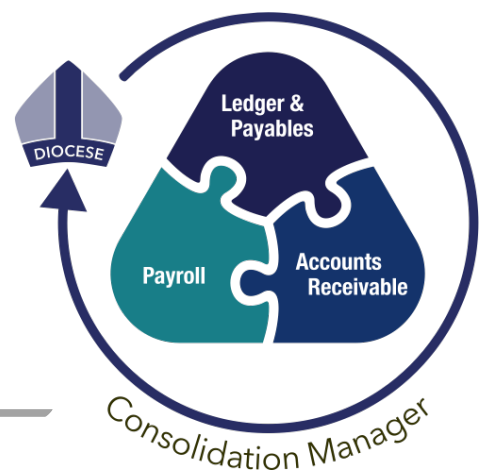

Ledger Report Writer gives you the design, operational, and layout tools you need to build statements of activity and financial position that contain the account data, text, statistics, detail (or summary)

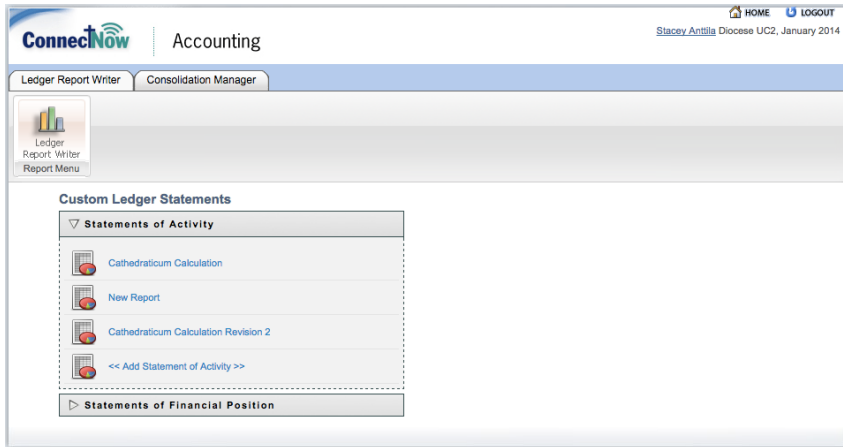

information, and groupings you want.

Use your custom statements to create reports for any organization(s) for any period. Reports open in the convenient Excel® format, where they can be further tailored, printed, and shared.

The program is fully integrated with ConnectNow Accounting to deliver real-time

financials, directly from your ledger, every time. Ledger Report Writer is a true web application that you access securely anytime, anywhere via the web.

LEDGER REPORT WRITER

is the custom financial statement component of the ConnectNow Accounting Suite, which also includes Ledger and Payables, Payroll, Accounts Receivable, and Consolidation Manager modules.

ParishSOFT provides a complete suite of products designed to help churches manage organizations, people, finances, and reporting from a single technology platform.

BUILD CUSTOM STATEMENTS

- ★ Information comes directly from your chart of accounts
- ★ Content and layout designed to *your* preferences
- ★ Ability to put *any* accounts together on the same statement
- ★ Calculations for statistics and subtotals, applied where you want them
- ★ Flexible statements of activity or financial position for any period, fund, or organization

STREAMLINE MANAGEMENT

- ★ Library of reusable, replicable custom statements
- ★ Ability to design statements at organizational headquarters for individual churches and schools to use
- ★ Standardized accounting platform supports consistent, accurate reporting, plus efficient training, process control, and internal services
- ★ All financials in a single database in real time, all the time — with no import/export or sync required.

THE CONNECTNOW ADVANTAGE

- ★ Statements that mirror the activities and missions of churches, schools, and nonprofits
- ★ True fund accounting system in an integrated suite
- ★ Unlimited users and support
- ★ Online system available 24/7 from any computer with an Internet connection
- ★ Automated backups and updates
