# ParishCast

## Mass Communication Tool

**PARISHSOFT.COM / 866.930.4774**

ParishCast is a flexible and easy-to-use parish communication system that allows you to send emergency alerts, event reminders, and schedule updates anywhere, anytime.

# ParishCast simplifies communication for your parish.

## Communicate When Time Is Precious

ParishCast empowers your parish so you can communicate quickly and effectively when a last-minute change occurs or an emergency strikes. Send severe weather alerts automatically to parishioners or inform them of schedule changes with ease.

## Stay In Touch with Parishioners and Visitors

Good communication is important to every parish and ParishCast makes reaching others quick and convenient. Send or schedule messages to connect with group leaders, parishioners, and volunteers to ensure your parish's voice is heard.

## Volunteer Sign Ups Have Never Been Easier

ParishCast allows you to communicate via email, text, or voice messaging to request volunteers for a one-time or recurring event. This flexibility ensures that your message is heard so they can respond in the way that works best for them.

## Gather and Update Your Prayer Requests

Reach out to your parish or specific groups within the parish to ensure that your prayer request list is up-to-date and accurate with built-in and flexible email, text, and voice messaging options.

## Record and Send Messages in Your Own Voice

ParishCast provides numerous text-to-speech options for your voice messages. But we know nothing can replace hearing an announcement in a voice you recognize, which is why ParishCast allows you to always record your own voice messages.

## Social Media Integration

Mass communications can be sent with ParishCast. However, did you know that with social media integration you can send a message and then automatically post that notification to your parish's social media accounts? Contact us to learn more.

## Advanced Reporting

With numerous reporting options in your ParishCast Command Center, your parish can keep on top of what messages were the most successful and why to boost engagement and ensure news is shared more effectively throughout your parish.

## Want to learn more about ParishCast?

ParishSOFT is here to answer your questions and find which of our flexible pricing options works best for your parish. If you have any questions about ParishCast or any of ParishSOFT's other products, give us a call at 866-930-4774 x6.
